To the best of my knowledge, the Kenwood TK-X30 series radios were released about 1993. The 30 series is split into three different bands. The Kenwood TK-630, TK-730 and TK-830. The TK-630 also has an "H" attached, meaning that the base radio module is HIGH wattage, and was only released in one power split. They are all 110watts.
