### Pop Internationalism

"Pop internationalists"—people who speak impressively about international trade while ignoring basic economics and misusing economic figures are the target of this collection of Paul Krugman's most recent essays.

### Pop Internationalism | The MIT Press

And so we have his term of "pop internationalism." The basic idea of pop internationalism is that the U.S. does not depend on international trade as much as the "experts" portray. Very little of our GNP is actually in exports, and we are seemingly doing just fine as the world market becomes more "global."

### Pop Internationalism (The MIT Press): Krugman, Paul ...

Paul Krugman is a very intelligent economics author. In Pop Internationalism, he discusses common myths about globalization and applies theory and data to disprove many of them. His writing style is so loose and understandable that people who don't know anything about econ can easily understand his works. I highly recommend this book to everyone.
