Postcolonial Geographies

About Postcolonial Geographies. Postcolonialism and geography are intimately linked through the spatiality of colonial discourse as well as the material effects of colonialism and decolonization.Geographical ideas about space, place, landscape, and location have helped to articulate different experiences of colonialism both in the past and present and the "here" and "there".

Postcolonial Geographies: Alison Blunt: The Athlone Press

Geographies of Postcolonialism is a very accessible introduction to colonialism, post-colonialism and postcolonial geographies. It draws on a comprehensive range of sources in outlining the linkages between knowledge, power and representation of the colonial image.

Geographies of Postcolonialism | SAGE Publications Ltd

Exploring and developing the connections between postcolonialism and geography, the essays in this book--ranging across Europe, Australia, Asia, Africa, and North America--investigate the geographies of postcolonialism and chart the contours of a postcolonial geography.

Postcolonial Geographies - Google Books

Geography has long been caught up in imperial projects. Postcolonial geography critiques and seeks to subvert this relationship. It builds on radical antecedents in the 1970s, whereby geographers critiqued their subject's relationship with nineteenth- and earlier twentieth-century colonialism and examined neo-imperialism.
